If today you discovered that your deeply held religious beliefs were untrue, what would you do? Earth Revisited: The Trainee is a short, thought-provoking, light-hearted, science fiction novel about 1F20 and 0D22, a team from the alien race that seeded the Earth with life forms, who were sent on a critical fact-finding mission to the planet regarding the human thought process. Not only does this similarity exist with the potential effect of spreading a falsehood, but also in the unbending reality that just as telling a lie needs support from...
