Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

BARRY LONG BOOKS, United Kingdom, 1999. Paperback. Condition: New. Revised and Extended ed.. Language: English . Brand New Book. Knowing Yourself is a classic statement of spiritual self-enquiry, written while the author was experiencing the two main crises of his own spiritual journey; the realization of immortality and the transcendent God-realization. Rather than describe these as personal events, Barry Long states very clearly the impersonal truths he discovered. In his concise, almost abrasive style, he strips away the false layers of the human condition until he reaches the timeless core of our being. This is a book for anyone intent on following the same route to truth - the way of self-knowledge. Without an experienced guide, it can be a school of hard knocks. This book has proved of great support and inspiration to its readers and continues to be so. Whatever changes the New Age brings, a book like this speaks to each new generation, because it imparts the true knowledge of the timeless.
