By Nick Schade

McGraw-Hill Education - Europe, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book. Profusely illustrated instructions provide the details that will guide you through the process. A complete novice will be able to construct a finished kayak after reading nothing but this book. And for an experienced builder, the techniques here can be expanded to create the perfect boat for you. Strip-building is the most flexible, forgiving, and attractive way to build a small wood boat.
