This manual was originally written in 1995 by Dr. J. Robert Clinton and used in classes at Fuller Seminary. After ten years of use the book has been revised to show the latest findings gathered from these ten years of studies of leaders lives. The manual gives results of research on focused lives: life purpose, effective methodologies, major role and ultimate contribution. It defines a Personal Life Mandate-a two to three page document with narrative paragraphs giving the findings of a focused life. The end result is a major tool for decision making and help in movement toward a focused life. The concepts will be used by leaders for their own lives and for others as they mentor them toward completion of an Ephesians 2:10 life.
