A lone figure moved through the trees, staggering against the wind and snow with an obvious determination to overcome the forces that had been unleashed against him. Will Everly fought his way along a narrow path that had once been a logging road but was now barely discernable. He was convinced that the storm was created by a supernatural power and designed to keep him from reaching his destination. He shouted a plea for mercy toward heaven then swivelled his head toward his dark surroundings and cursed the unseen enemy that hid among the trees, remembering the rifle shots of the previous night and the wolf tracks he had seen earlier that morning, tracks that now seemed to surround him in ever-diminishing circles as he struggled through the snow. Will was unaware of a mysterious creature that would challenge and change his life in ways he would never have dreamed possible. This is the story of a simple farm family caught up in the whirlwind of good and evil.
