PSYCHOLOGICAL PERSPECTIVES ON JUSTICE: THEORY AND APPLICATIONS

[DOWNLOAD PDF](#)

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2008. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Justice, equity, and fairness are central concerns of everyday life, whether we are assessing the fairness of individual acts, social programmes, or institutional policies. This book explores how the distribution of costs and benefits determine our intuition about fairness and why individual behaviour sometimes deviates from normative theories of justice. To make any comparison, one must first state how fair distributions of resources or burdens should be made. Here, competing theories, such as utilitarianism and economic efficiency, are discussed. The chapters cover many topics including an investigation of various rules and heuristics that people use to make fair distributions; the motivation for people to conform to rules of fairness even when they conflict with self-interest; differences between the views of liberals and conservatives; societal rules for the distribution or allocation of critical or scarce resources; and implications for public policy. This mixture of theoretical and applied perspectives provides a balanced look at the psychology of justice.
