Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Philosophy of Style: Together With an Essay on Style This volume may be considered as the second of a series, - Lewes s Principles of Success in Literature being the first, - the object of which is to bring helpful discussions of the principles of literary criticism within the reach of teachers of rhetoric. As before, the plan has been followed of providing a biographical and critical introduction, an index, and a few notes, - the latter designed to provoke discussion or to furnish clues for further investigation, rather than to exhibit in their totality the results of the editor s researches. To Spencer s essay, which makes up the bulk of the pamphlet, has been added, as a commentary upon The Philosophy of Style, a paper by T. H. Wright, originally published in Macmillan s Magazine, Vol. XXXVII., p. 78, and afterwards reprinted in the Popular Science Monthly, Vol. XII., p. 340. In the appendices will be found a note from Gurney s Power of Sound, criticising Spencer s theory of the effect of rhythmical structure, and a long extract from Spencer s First Principles, touching the evolution of literature. These will prove helpful where the originals cannot be readily consulted. In the belief that The Philosophy of Style can be understood only in its proper connection with the Spencerian philosophy as a whole, the Introduction has been made largely bibliographical. The references to Spencer s articles in magazines will in some cases supply the lack of books. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important...
