Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

THE POWERS THAT PREY (PAPERBACK)

Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.From the INTRODUCTION. Criminologists have thought it more important to photograph the outcast s facial angle than to see the outcast and his world as he himself sees them. Having determined from the start that the outcast is an inferior, they have looked for stigmata of degeneration in him and have found what they looked for. They would have found stigmata of degeneration in any other body of men whom they had examined with a like pertinacity and preconception; they have found them indeed in practically all of the men of light and leading known in history. Men of science and romanticists have used the outcast as a point of departure for the esthetic imagination and have taken it for granted that he is not so interesting as they can fancy him. They have constructed for themselves two stock characters a simplified human brute, an epitome of the stigmata of degeneration, half-witted, cunning, sullen, furious; and an abstract mathematical detective who sees the human world as a magnified chessboard and solves problems in check and checkmate. It may with great safety be said that both these stock characters belong to the realm of intellectual opera bouffe. People in the Under World differ more in their circumstances than in their psychology from people in the Upper. In both worlds there is a majority disposed rather to bear the ills they have than to fly to others that they know not of; and in both there is a minority to whom the ordinary lot of their class is simply intolerable. In the Upper World this minority become the plungers in the business, social, and political spheres; the entrepreneurs, who assume great risks on the...
