CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 128 pages. Dimensions: 11.0in. x 8.5in. x 0.3in. This book is one of my jazz series books about phrasing on the most comun types of chords. Here is about the minor major7 chord. I wrote those phrases coming up to me through playing in sessions of improvisation. They are purely spontaneous and by that reason they cannot treat like if they were theoretical examples derived from scales, or any other material from musical patterns. Nevertheless, Its a good idea try to analyze them to understand the process by which they arose. They can be use it in any style and they can be tested in diverse octaves or even transported them to other keys or also any kind of harmonic field to explorer news sounds. The question about dynamics and accents which they are not detailed is on purpose so the idea is give freedom to the player for experimentation. The book includes a mp3 folder able to download through a dropbox link or sending me an email. (check 2 page inside the book) This item ships from La Vergne, TN. Paperback.
