Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Welcome to the second Sudoku book in the series from MagneticWeb, featuring 252 puzzles (48 Easy, 96 Medium, 60 Hard, and 48 Very Hard). The emphasis in this edition is on harder puzzles, compared to the first Volume. We've kept the Introduction, that includes a brief history of Sudoku, and the Beginner's Guide, which many find useful. The format is also the same, being four puzzles to a page in a format of 8 inches x 10, and with a few blank pages between sections to provide some space for any notes you may need to make. The solutions, again, are set out at the back of the book, there being only one solution for each puzzle. These puzzles can all be solved by using pure logic, and anyone of reasonable intelligence and a measure of patience can solve them.
