INCOMPLETE REVOLUTION: ADAPTING WELFARE STATES TO WOMEN'S NEW ROLES

Polity Press. Paperback. Book Condition: new. BRAND NEW, Incomplete Revolution: Adapting Welfare States to Women's New Roles, Gosta Esping-Andersen, Our future depends very much on how we respond to three great challenges of the new century, all of which threaten to increase social inequality: first, how we adapt institutions to the new role of women - the 'incomplete revolution' of our time; second, how we prepare our children for the knowledge economy; and, third, how we respond to the new demography, in particular low fertility and an ageing population. In this new book Gosta Esping-Andersen - the leading analyst of the welfare state - examines how different societies have responded to these challenges. It focuses especially on the quest for gender equality, on the role of families in the reproduction of social inequalities, and on major inequities associated with an ageing population. Through comparative analysis he seeks to identify the kinds of welfare state reform that can optimize not only individuals' life chances but also collective welfare. The intellectual ambition is, in other words, to identify the mainsprings of a new and superior form of social equilibrium. This book will be of great interest to anyone concerned with gender and the changing role of women, with social and public policy, and with the future of the welfare state.
