Brand New Book ***** Print on Demand *****.Would you believe that the path to financial prosperity and happiness is as simple as finding your magic number? Have you ever considered that a plan for getting rich the right way, as opposed to just the quick way, can help you construct the life of your dreams? When entrepreneur Adrian J. Cartwood found himself with a hemorrhaging business that was \$30,000 in debt, he decided to do a little personal accounting-and determine how much money he needed for the life of his dreams. Seven years later, he has more than seven million dollars in the bank. Just how did he dream up those dollars? He simply found his magic number, and the path to personal wealth and lifelong gratification followed suit. Now, Cartwood has teamed up with associate Debbie Dragon to create the revolutionary personal finance book, Share Your Number. The guiding principle of this accessible, actionable guide is that your life isn't about simply trying to make money to live. On the contrary, your money is simply there to help you live your life to the fullest. And, when you find your life's purpose, the money will soon follow. Whether it's cultural travel, a comfortable home for your family, or ample free time, identifying your purpose is the key to laying down a profitable and achievable financial plan. Through tables, real-life case studies, and easy-to-follow examples, Share Your Number guides readers through the process of establishing life goals, and translating those into a clear-cut financial number to aim for-and then achieve. By pinpointing your driving passions, you'll turn them into the cash you need for your dream life. Share Your Number also...
