Reviews

*Definitely one of the better publication I have got possibly read. It really is written in basic phrases and not difficult to understand. You won't sense monotony at anytime of your respective time (that's what catalogs are for about if you request me).

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Medical Adviser and Guide to Health: Designed to Illustrate the Author s New System of Practice, in the Cure of All Sexual Diseases Incident to Exposure, Early Indiscretions, Etc Ers for the plainness and candor in which I had addressed them. In one, received but a few days since, the writer, evidently a gentleman of education and culture, says, I have read your medical adviser and guide To health with care, and have become much interested in its contents. I think I can see my own case in it as if seen in a mirror Such encomiums, coming from disinterested sources, are much more grateful to my feelings, than would be the ?at tering criticisms of the most learned. In the outset I did not undertake to compile a medical hand-book to serve as a vade mecum to the professional practitioner, nor did I choose to put into the hands of the numberless irregular doctors who swarm in our midst, a treatise to enable them to obtain, in a cheap way, that knowledge which I only obtained by long, laborious and expensive study and experience. I intended my book to be, as it professes, an adviser merely, and if popular testimony be of any value, in a matter of this kind, I think I may very safely congratulate myself upon the success of my endeavor.
