Hitler believed in God, and the Bible says that if you believe in God, then you go to Heaven. So according to the Bible, Hitler is in Heaven. Hitler was a deeply religious and God fearing man, he believed in God, believed that Jesus Christ was the son of God, so how could Hitler not be in Heaven? The Bible doesn't say you go to hell if you kill 50 million people. God didn't create man, man created God, and Christianity was invented. The Bible is wrong, God is not an all powerful being that created the universe with the snap of his fingers, Jesus is not the son of God, and Santa Clause is not real. The human race needs to start using their brains and ask the question why. Too many people in this world listen to anything anyone tells them. Technology is the only true religion and the path to a brighter future. This book explores the questions of humanity, religion, science, evolution, and the Universe.
