Among the tribes of the Wagani war is life, and for Lut, war is his way out of the poverty that he was born into. A reaver, a warrior, and the chosen of the enigmatic goddess the Azure Queen, he has dedicated his existence to furthering her glory by the bite of his axe. Bloodthirsty, powerful, and without mercy, he marches upon the world to spread the name of his beloved deity. But what happens when the goddess no longer loves her champion? From the award-winning author of The Saga of The Panther comes a dark tale of violence, betrayal, and redemption where David Gemmell's Legend fights alongside Steven Erickson's Gardens of the Moon. In this world victory always comes at a price, love is forever the final victim, and not even the gods can stop the ruthless march of history. This is the world where only the strong and cunning survive.
