Andrusian Press. Paperback. Condition: New. 207 pages. Deep within the constellation of Ophiuchus in our Milky Way lie a great group of celestial bodies that make up the worlds of Love called Andrusia. As one of the four dominant races exploring the far reaches of the galaxy, the Andrusians have held a high council from which a decision has emerged that will change Earth and the galaxy forever. From the beginning of the assembly of the four races, it had been established by three of the four that the matrix of using pain and suffering for growth would be enforced through out the Milky Way and especially in the new worlds that were being discovered. Earth was one of them. But from the Andrusian high council the decision has been made to undo the evil and brutal matrix that the Scorpillian, Draconian and Velarians have allowed to reign free throughout the galaxy. The council has determined that this matrix of pain has never worked and never will as a blueprint of growth for souls. The council also puts forth the ignition of a sacred seed capsule that holds the blueprints for the worlds of love within it, placed on earth by the early Andrusian explorers. Earth is the first target for the changes that the Andrusian councils have set forth. For this monumental mission of dismantling the existing matrix and igniting the seed capsule, a task force is sent to earth containing seven of Andrusias best and most highly trained leaders. But there are challenges from the beginning. To manifest on earth part of the team has to undergo the anesthetic administered in the birthing chambers to all souls coming to earth. They then would be placed in different families with the task of finding each other for the mission....
