2204112 Ontario Inc., United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.I have written this book in the hope that it may help others experiencing hardship, and who are at a loss as to how to cope. We all need friends, someone to lean on during hard times, someone to be there with a few words of advice on where or how to find a way of stretching your money a little further, someone to sit down with you, to help work things out and make life more manageable. Look upon this book as your Best Friend . Keep it with you and pick it up whenever you need a little help, or just a little inspiration. You may think that some of the hints and tips are pretty radical, crazy even, but this little book tells how I cope, how I manage on a miniscule income. It s not easy - but with determination and a little help from your Best Friend you can manage your life and turn things around. My final word to you is this - Keep your chin up, try your best not to let it get you down because things will seem even blacker if you do - Count your blessings, count and be thankful for what you have, and don t waste your time dwelling on, and longing for, things you haven t got Anne Warwick.
