Reviews

It is simple in study safer to understand. It can be full of knowledge and wisdom Your way of life span is going to be enhance when you full looking at this book.
(Lavina Torp)

SACHET MIXTE THEMES: LANDSCAPES (VOLUME 6)

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 178 pages. Dimensions: 8.5in. x 8.5in. x 0.4in. When talking to people about Landscape Art, or rather when people ask me what kind of art I most like to produce and I answer Landscapes, I am almost always met with a half-smile and a glazed look in their eyes! I think this is probably because a lot of people who don't really appreciate or study art forms believe landscape art to be boring and dull, and a bit of a safe option. As this beautiful book will loudly declare, this is not the case at all, and the originality, variety and skill shown here will certainly change their point of view! Landscape Art generally is art that depicts an area of land that makes sense, doesn't it? But that isn't all - far from it. It can include landforms such as mountains, hills, rivers, lakes and the sea, as well as trees and other plants and flowers but it can also include vehicles, buildings and structures such as bridges. As well as Landscape Art depicting nature in its most beautiful and dramatic form, it can be a pleasing background for people and animals, as well as buildings, and indeed this was the case for centuries when Western artists only put landscapes in the background of their portraits or still life compositions, or as a setting for human activity, with an historical or religious message. Landscape Art wasn't really taken seriously in the West until the 16th Century, after the era of Renaissance Art, unlike Chinese art which included Landscape Art as an established genre by the fourth century. Landscape painting did not really come into its own until the seventeenth century with the rise of the Dutch and Flemish...
