

Struts 2 in Action (Paperback)

By Don Brown

Manning Publications, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book. HIGHLIGHT Struts 2 in Action is a hands-on, comprehensive tutorial for the all-new Struts2 web application framework. DESCRIPTION Struts classic is still the most widely-used Java application framework available, but changes in development style and practice— including Web 2.0, Ajax, and other new ideas— have created strong demand for a new approach. Struts 2 is an entirely new framework that builds on the values of Struts 1 but offers the new features developers want. Struts 2 in Action delivers accurate, seasoned information that can immediately be put to work both by Struts 1 developers and by Java developers new to Struts. The experienced author team is led by Don Brown, one of the leading developers of Struts 2. Using this book, readers will learn how to develop professional, production-ready modern web applications. This book is designed for working Java web developers— especially those with some background in Struts 1 or WebWork. It provides battle-tested best practices and is full of serious working examples. KEY SELLING POINTS— Struts 2 is the next step for the most widely adopted Java application framework ever, and Struts 2 in Action is written by one of the leading developers of Struts 2.— Designed for working Java web developers, it...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Ally Reichel

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
