It is one of the most popular pdfs. It really is full of knowledge and wisdom. It has been developed in an exceptionally easy way and it is just right after I finished reading through this publication by which it really altered me, altered the way in my opinion.

Not illustrated. 1894 Excerpt: illustrations on PL ix., figs. 136-139, which are taken from sketches I made when in Torres Straits, and which were not then intended for publication, show an interesting mingling of designs. I do not know the locality of a bamboo-pipe in the Edinburgh Museum (1885--91). It is covered with...
