

## Electrical and Electronic Technology Experimental guidance (High School school quality planning materials)

By ZHU JU XIA

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 0 Publisher: China Water Power Press Pub. Date :2007-11-01. This book is based on electrical and electronic technology. teaching the basic requirements in electrical and electronic test platform. prepared on the basis of experimental teaching book. The book has four chapters. including: Electrotechnical Experimental; experimental part of the analog electronics technology; Digital Electronic Technology Experimental part; EWB introduces a virtual instrument. Up to 39 pilot projects. covering the basic and comprehensive experiment. Teachers. according to the hours and student teaching program based choice experiment content. This book focuses on basic skills. basic hands-on capacity-building requirements. introduce the main basic knowledge. basic training. emphasizing the theory and practice. This book can serve as institutions of higher learning computers. electronics. machinery. automation. etc. professional vocational guidance of students in the experimental materials. Contents: Preface first experimental part of the experiment Electrotechnical basic components of a circuit-V characteristics measured in the experimental two-voltage DC circuit potential of the experimental study with Kirchhoff s Law Experiment 3 Experiment 4 voltage and current source equivalent conversion experiments five experimental principle of superposition theorem...
