

Message from a Traveler

Filesize: 5.05 MB

Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

(Derick Brekke)

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.There are moments in life in which logic doesn't seem to match any possible expectation and what happens can be seen both as normal as well as surreal, and yet, out of an abnormal reality, we think about something that can't be possibly accepted because, if true, spreads mass panic and, if not, leads us to ridicule. 25 of January 2013 was the day the mysterious reflected in me, showing a man that could have been myself in another time period but was not, or was he? If logic is made out of the reality we usually feel, then that's when our reality changes to guide us into a new paradigm of observations. As I sit and observe the French girl, a few tables apart from me, writing compulsively in her napkin, I know that it's not as much important understanding why she didn't even look at my face as to why is she writing in a napkin. But truly intriguing is the conversation that follows between two men, which even though alive are believed to be dead to the whole world and seen as unreal to the ones that know them. One of them is me and the other I have no idea of who can he be, and that's why this book can only be described as fiction, even though sharing information about a very realistic and probabilistic future for mankind, a future we should all be aware of.
