Brand New Book ***** Print on Demand *****.Based on her own experiences with infertility and two attempts at IVF, Sibel Hodge s latest novel The Baby Trap will have you laughing and crying at the ups and downs of modern baby-making. When Gina turns thirty-three her body clock unexpectedly begins clanging in her ear with annoying persistence. The only problem is, having a baby isn t as easy as she thought. Whether she s feng shui-ing the house to death with fertility symbols, throwing out her husband s tight boxers in favour of baggies, swapping wine and chocolate for green tea and yams, popping fertility drugs like MM s, or having sex so precision-timed it makes international warfare manoeuvres look unorganized, her life is turned upside down. And when nothing seems to be working, her quest for the B-word turns into an obsession. Can Gina stay sane, get pregnant, and keep her marriage together? Or will her baby trail become a baby trap?
