

## The Theory of Choice: A Critical Guide

By Shaun Hargreaves Heap, Albert Weale, Bruce Lyons

John Wiley and Sons Ltd, United Kingdom, 1992. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. Apple or pears? Guns or butter? Liberty or death? We experience life as a series of choices, large and small. What makes a choice rational? A common answer is that a rational agent calculates the probable net benefits of each possible course of action and chooses the one that best satisfies his or her given preferences. Rational choice is thus about means, not ends, a view which has been most deeply analysed in economic, and that is now becoming crucial throughout the social sciences. The Theory of Choice provides an authoritative and comprehensive introduction to the fundamental principles of rational choice theory, game theory, and to their implications and limitations. The book is in three parts with a section of keywords. Part I covers individual choice, analyzing the theory of decision making by an individual who need not consider the effect on other people's decisions. This includes the study of rationality, consumer theory and autonomy. Part II examines interactive choice in which the actions taken by one person depend on, and influence, those taken by others. The modern...

### Reviews

*A fresh e-book with a brand new perspective. This is certainly for anyone who states that there had not been a really worth reading. I am just happy to explain how this is the very best publication I have gone through in my individual lifestyle and may be the best pdf for ever.*
