Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

A preliminary summary of the figures which have been obtained up to the present time is presented in this bulletin. The Bureau of Business Research, it may be explained for the benefit of those who are not already familiar with its work, was established in 1911 by the Graduate School of Business Administration of Harvard University as an agency for the scientific study of business methods and problems. Because of the need for scientific research in marketing, the Bureau began with that subject. The retail shoe trade was first investigated, and in June, 1914, a Similar study of the retail grocery trade was begun.
