Reviews

It is an awesome ebook which i actually have at any time read through. It usually fails to charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.

From Lisi Harrison, the New York Times bestselling author of The Clique and Alphas, comes a new series with a fresh twist on high school, romance, and the horrors of trying to fit in. The monster community has kept a low profile at the local high school, but when two new girls enroll, the town will never be the same. Created just fifteen days ago, Frankie Stein is psyched to trade her father's formaldehyde-smelling basement lab for parties and prom. But with a student body totally freaked out by rumors of monsters stalking the halls, Frankie learns that high school can be rough for a chic freak like her. She thinks she finds a friend in fellow new student Melody Carver-but can a normie be trusted with her big secret?.
