Amacom, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book. Even in a bad economy, companies have job openings they can't fill. Considering the millions of people who are out of work or unhappily employed, how can that be? What are job seekers doing to turn off employers? And what is it that employers want but aren't finding? Leading career expert and syndicated columnist Andrea Kay asked employers one simple question: why didn't you hire the last ten people you interviewed? What it came down to, every time, wasn't a matter of skills or experience, but how applicants seemed based on what they said or did. From lack of preparation, to pushiness, to a subtly defensive attitude, it's the simple behaviors prospective employees exhibit before, during, and after interviews that stand between them and job offers. Based on candid insights from real-life employers, and featuring a foreword by Richard Nelson Bolles, bestselling author of *What Color Is Your Parachute?*, this book helps job hunters take control of how they come across to the people in charge of hiring. From 20 Things You Should Never Do to a Would You Hire You? test, *This Is How to Get Your Next Job* helps readers show hiring managers who they are and why they're the perfect fit for the job they seek.
