Vance already had plenty of inside sources, but he wanted Musk's input. Musk demanded to be allowed to vet the book and add his version where he did not agree. Vance refused. However, he managed to get Musk to listen to his journalistic and personal reasons for not allowing pre-approval of the book. To his surprise, Musk agreed to cooperate and allowed free access to his staff, friends, and family. Musk's three major goals in life were to make humans space colonizers, to build ecologically sound and beautiful cars, and to power the world with safe, free solar energy.
