From one of today s most imaginative authors comes the mind-bending series Time Without End, best described as Fringe meets The Celestine Prophecy. Erik and Rachel come from completely different worlds-parallel Earths, actually. But they have one thing in common: they have both taken evolution s next step. They are the first humans since the dawn of history able to pull themselves out of time and experience other realms of existence. Is this a power all of humanity will eventually develop? Readers accompany Erik and Rachel on a vision quest across parallel universes as they realize there are forces at work attempting to prevent human evolution. But why? And how? A quest to the dawn of human history . and civilization s end. Their quest reveals the truth about the beginnings of humanity itself, the ancient Maygyptian Empire, before the Ancient Maya and Egyptian civilizations were separated into parallel universes by the same intelligence now attempting to halt human evolution.
