Brand New Book ***** Print on Demand *****.Technical Guide Lines supports the acting teacher in creating an engaging over view of the technical aspects of theatre productions. The self study guide provides students with a place to organize notes, and assignments. Teachers can maintain order, grades, and routine easily when all student work is kept together in this fashion. Classes run smoothly when the class begins with students self initiating their work which the self guide facilitates. This unit introduces technical aspects of sound, lights, costumes, makeup, and production teams in an easy to teach structure. Students begin the class with a simple worksheet, instructional material is discussed or viewed at teacher discretion, followed by production teams using the material learned to create a theatrical production. Prompts in the self study unit provides students the opportunities to research their own films, videos, articles, and interviews in each of the tech categories. The lesson plans support teachers in creating a structured learning environment where creativity can flourish with very little prep material needed. The unit ends with a simple quiz supporting the state requirements, class organization, and most...
