### **Reviews**

*This book is great. I have go through and so i am confident that i will going to read through once again again in the future. I am just easily can get a satisfaction of looking at a written book.*

*(Miss Vernie Schimmel)*

## FOSSILS TELL OF LONG AGO

HarperCollins, United States, 2016. Paperback. Book Condition: New. Revised. 254 x 203 mm. Language: English . Brand New Book. What is a fossil? Sometimes it's the imprint of an ancient leaf in a rock. Or it could be the skeleton of a dinosaur that has turned to stone! With clear prose and lovely, full-color illustrations, award-winning author and illustrator Aliki describes the different ways fossils are formed and what they tell us about life on Earth long ago. Now rebranded with a new cover look, this book includes beautifully detailed illustrations and a find out more section with a glossary and activity guide so kids can create their own fossils for someone to find a million years from now. Author/illustrator Aliki has penned four books listed as exemplary titles in the Common Core Standards and is a widely recognized name in nonfiction for children. Both text and artwork of this new edition were reviewed for accuracy by paleontologist Dr. Kathryn Hoppe and by Dr. William F. Simpson of the Field Museum. This is a Level 2 Let's-Read-and-Find-Out Science title, which means the book explores more challenging concepts for children in the primary grades and supports the Common Core Learning Standards, Next Generation Science Standards, and the Science, Technology, Engineering, and Math (STEM) standards. Let's-Read-and-Find-Out Science is the winner of the American Association for the Advancement of Science/Subaru Science Books Films Prize for Outstanding Science Series.
