

Ohio Archaeology: An Illustrated Chronicle of Ohios Ancient American Indian Culture

By Bradley Thomas Lepper

Orange Frazer Press. Hardcover. Condition: New. 300 pages. Dimensions: 11.0in. x 9.4in. x 1.3in. More than 12,000 years ago, American Indians discovered the lands we now call Ohio. By the time Europeans arrived in this continent, Ohio's indigenous peoples had become successful farmers living in large, circular villages along broad river valleys. Ohio's rich archaeological heritage has captivated generations of scholars and scientists. Yet, archaeologists over the past few decades have made new discoveries that are revolutionizing our understanding of these American Indian cultures and their achievements. Ohio Archaeology chronicles these landmark discoveries in a book written by Dr. Bradley T. Lepper, Curator of Archaeology of the Ohio Historical Society. Dr. Lepper presents this fascinating story in six, chronological chapters based on the major archaeological periods. With top regional scholars contributing 28 feature articles, Ohio Archaeology also looks at the state's early archaeological history. Written in an engaging and understandable style, this epochal story is beautifully illustrated with over 340 photographs, original artworks, maps, timelines and graphics. Ohio Archaeology is a valuable resource for readers, teachers and students who want to learn more about the lifeways and legacies of the first Ohioans. The Ohio Archaeology book is one of four...

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS

This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.
