

## Technology design and application of water-saving irrigation projects(Chinese Edition)

Filesize: 7.6 MB

### **Reviews**

*Basically no phrases to describe. I was able to comprehend everything out of this published e ebook. You can expect to like the way the author compose this ebook.*

*(Mrs. Novella Will)*

## TECHNOLOGY DESIGN AND APPLICATION OF WATER-SAVING IRRIGATION PROJECTS(CHINESE EDITION)

DOWNLOAD

To download **Technology design and application of water-saving irrigation projects(Chinese Edition)** PDF, please follow the button below and save the file or have accessibility to other information which might be relevant to TECHNOLOGY DESIGN AND APPLICATION OF WATER-SAVING IRRIGATION PROJECTS(CHINESE EDITION) ebook.

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date: 2012 Pages: 197 Language: Chinese in Publisher: Yellow River Conservancy Press water-saving irrigation project technical design and application of the Department of water-saving irrigation projects of technical training materials. The book is divided into eight chapters. the main contents include introduction. water-saving technology for water conveyance system. sprinkler irrigation engineering. micro-irrigation engineering. rainwater harvesting for water-saving irrigation T process technology. emergency drought irrigation techniques. water-saving irrigation engineering. irrigation automation and appendices. Systematic summary of the design and application of water-saving irrigation works commonly used in water-saving irrigation techniques. including small planning. design. construction and management. and listed in Appendix commonly used piping of water pumps. water-saving irrigation. sprinkler and irrigation and other technical parameters. Content and strive shades suitable illustrations. focus on linking theory with practice. to cite an example of outstanding applications. practicality and operability. Contents: Preface Introduction Chapter II water delivery system water-saving technology first canal seepage control engineering Section 2 low pressure pipeline irrigation technology Section III ground water-saving irrigation project in the third chapter sprinkler engineering first section sprinkler Engineering Technology Introduction Section II project planning and arrangement of the third quarter of the irrigation system in the fourth quarter engineering design and calculation of the operation and management of the Section 6 of Section V Daejeon sprinkler typical engineering design construction and installation of Section VII Chapter micro-irrigation select the third quarter of the Engineering Section I Introduction Section II micro-irrigation in the form of micro-irrigation technology. project planning and arrangement of the fourth quarter design parameters and irrigation systems in section V engineering design and calculation of Section VI the typical engineering - cotton test base drip irrigation operation and management...
