

Making Computerized Provider Order Entry Work (Paperback)

By Philip Smith

Springer London Ltd, United Kingdom, 2014. Paperback. Condition: New. 2013 ed.. Language: English . Brand New Book ***** Print on Demand *****.Despite all the jokes about the poor quality of physician handwriting, physician adoption of computerized provider order entry (CPOE) in hospitals still lags behind other industries use of technology. As of the end of 2010, less than 22 of hospitals had deployed CPOE. Yet experts claim that this technology reduces over 80 of medication errors and could prevent an estimated 522,000 serious medication errors annually in the US. Even though the federal government has offered \$20 billion dollars in incentives to hospitals and health systems through the 2009 stimulus (the ARRA HITECH section of the American Recovery and Reinvestment Act of 2009), many organizations are struggling to implement advanced clinical information systems including CPOE. In addition, industry experts estimate that the healthcare industry is lacking as many as 40,000 persons with expertise in clinical informatics necessary to make it all happen by the 2016 deadline for these incentives. While the scientific literature contains numerous studies and stories about CPOE, no one has written a comprehensive, practical guide like Making CPOE Work. While early adopters of CPOE were mainly academic...

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS

This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.
