

The Oxford Companion to Politics in India

Filesize: 8.49 MB

Reviews

The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).
(Payton Miller)

THE OXFORD COMPANION TO POLITICS IN INDIA

[DOWNLOAD](#)

Oxford University Press, 2010. Hardcover. Book Condition: New. 23 x 28 cm. India's democratic polity thriving amidst enormous social and cultural diversity and persistent inequalities has long been an anomaly in democratic theory. In the context of India's increasing ascendancy on the global stage, it has also become a subject of widespread popular interest. The Oxford Companion to Politics in India addresses this interest by presenting a wide-ranging and comprehensive survey of politics in India today. It covers a gamut of issues that are organized thematically under eight broad rubrics: Institutions; Social Cleavages, Identity, and Politics; Political Processes; Social Movements and Civil Society; Ideological Contestations in Indian Politics; Politics and Policy; India and the World; and Ways of Looking at Indian Politics. About forty essays encompass a vast range: from elections to economic reforms; business and politics to redistribution and social justice; coalition politics to judicial activism; and from India's foreign policy to the use of data in explaining Indian politics. Incorporating the best social science research on each theme, the Companion presents incisive analyses of the central issues in India's democratic polity. The contributors, leading academics from around the world, provide a masterly overview of each domain of study, evaluating key theoretical positions and intellectual debates, and presenting their own analytical perspective interwoven with a narrative of political developments. Printed Pages: 552.
