

Verbal Morphology in the Karaite Treatise on Hebrew Grammar Kitab al-ÊUqud fi Tasarîf al-Luga al-ÊIbraniyya: Cambridge Genizah Studies Series, Volume 2 (Hardback)

By Nadia Vidro

Brill, Netherlands, 2011. Hardback. Condition: New. New.. Language: English . Brand New Book. Notwithstanding its early origins and its importance for the history of Hebrew linguistics, the Karaite grammatical tradition has received insufficient scholarly attention, mainly due to the scarcity of reconstructed primary sources emanating from this school of Hebrew grammar. This book reconstructs from unpublished manuscripts a medieval Karaite treatise on the grammar of Biblical Hebrew in Judaeo-Arabic Kitab al-ÊUqud fi Tasarîf al-Luga al-ÊIbraniyya and studies verbal morphological theories expressed in this and related Karaite works. Furthermore, the book examines Karaite approaches to the verbal classification as well as didactic tools used in Karaite pedagogical grammars.
