Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Artefacta Antiquissima: Geology in Its Relation to Primeval Man The discovery of works of human art in caverns and in superficial deposits, associated with remains of animals hitherto supposed to have become extinct before the introduction of man upon the earth, is a subject at present attracting no small amount of attention in the scientific world. In the following notes I have endeavoured to draw up an analysis of the principal facts relating to this question, and I trust they may prove of service to those who have had no opportunities of collecting the scattered evidence themselves.
