New Buffalo Nickel Publishing, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This is a 130-page informative, inspirational, and entertaining Leaving Home Guidebook for young adults leaving home for the First Time to College, the Military or an away job. Written by an Iraq War Veteran and Helicopter Pilot that developed an interest in sociology and statistics and their application to happiness, success, and longevity. A perfect gift for going away. What s in this Book is most of the critical stuff a parent would want their kids to know before Leaving Home with true stories and interesting facts about a range of topics in life. I started this book as a reference for my kids before they leave out the door for college or elsewhere. I wanted to let them know what Dad and Mom thought about keeping a moderate perspective and avoiding conflict. I also wanted to input information that could give them a better shot at living the happiest, most successful, and longest lives they could. Like many parents I have spoken to, I did not want to have regrets on something I forgot to tell my child that could have helped him or her later on. So, on a range of issues from modern science, sociology, politics, religion, relationships, and life, I laid it out there. This book is for folks who see themselves as in the middle, the ones that don t tend to take extreme positions; but rather, want to try and understand the opportunities and challenges ahead in the 21st Century. My hope is that it can help young adults do a lot better in life than they would have if they would not have gotten to read it. Many thanks to those who gave me...
