Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Character Anew To live a meaningful life is an inherent desire powerful enough to keep us going through adverse conditions. There is nothing as motivating as the hope created by our active pursuit of purpose. It is however sad to note that a purpose driven life, a life of significance seem to elude most. Some purely because purpose does not matter but others because they just don t know how they should pursue their life s purpose. Hopefully this journal will inspire and help you to embark on your personal journey to significance The Legacy Journal is a thought provoking guide that will take you on a journey during which you will: - Discover who you really are; - Discover and understand your life s purpose; - Improve what you are to become the person which God wants you to be; - Work through the subsequent challenges that life will throw at you. When starting this journey we need to realise that the outcome of this journey will largely depend on the questions we ask ourselves. Questions like - Why am I doing what I m doing? If the ultimate gift that we can give is giving from myself in other words giving from who I am, then what impact will my gift have on those that I love, my Church, my community or even society at large?.
