While some of us may be able to conquer careers and win at sports, the world of love and romance is a different story. Prince Charming is every girl's guide to finding the right guy, keeping the relationship exciting once you've found him, and remembering to pay attention to yourself. First off, relax. Don't be in such a hurry to tie the knot. Enjoy the process if you can. Nurture your own self-esteem. Explore your own needs. But not to worry: help is here in the form of four easy steps: banish bad attitudes (1) with a positive attitude (2) because you're worth it (3), so trust your intuition (4). Valerie and David tell it like it is: If he seems too good to be true he probably is. With advice about who they are vs. who they say they are, what to look for--and NOT. This book is a mile-a-minute, non-stop advice track to keep a gal's confidence up and her radar in working order. Not to mention, turning to the pages on Male-Speak and what he really means when he can't say I'm sorry. Fun, full-color format with snappy illustrations at an affordable price. Dispenses savvy and sensitive advice for lasting relationships. A perfect gal-pal gift for your sister, your best friend, or yourself. To get onto the right path, all you have to do is nurture your natural gifts, trust your intuition, and give yourself permission to let your inner goddess shine.
