Createspace. Paperback. Condition: New. This item is printed on demand. 78 pages. Dimensions: 10.8in. x 8.3in. x 0.3in. Traumatic brain injury (TBI) has been defined as trauma to the head that results in a decreased level of consciousness, amnesia, other neurologic or neuropsychologic abnormalities, skull fractures, intracranial lesions, or death. TBI can be caused by penetrating trauma or by blunt force, including acceleration/deceleration forces that cause the brain to collide with the skull. Blunt force TBI is typically classified by level of severity, most commonly differentiated as mild, moderate, or severe. The vast majority of civilian patients that are hospitalized for TBI are diagnosed with mild TBI (mTBI). While a similar ratio specific to soldiers or veterans is not readily available, mTBI is also prevalent in this population. Personnel engaged in the current military operations, Operation Enduring Freedom and Operation Iraqi Freedom (OEF/OIF), are sustaining mTBI at unprecedented rates. One commonly referenced report estimated that nearly 20, or 300, 000, OEF/OIF veterans had sustained a TBI during deployment, many of these being mTBI. There has been much political and media interest in the rates of mTBI associated with the current conflicts. While most of those who sustain mTBI do not experience ongoing symptoms, a minority of individuals will experience some psychosocial, mental, and/or physical health problems. Thus, there is major concern across veteran healthcare providers, particularly the U. S. Department of Veterans Affairs (VA) and Department of Defense (DoD), regarding the identification and care of mTBI. Post-traumatic stress disorder (PTSD) is a highly prevalent and pernicious mental health problem with significant costs to the individual and society. It is an anxiety disorder characterized by avoidance behaviors, physiological hyperarousal, and re-experiencing symptoms following exposure to a traumatic event. VA and DoD healthcare providers are now facing a large population of OEF/OIF veterans...
