McGraw-Hill Education, United States, 2004. Paperback. Condition: New. Annotated edition. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Top 50 Math Skills for GED Success is a fast course for the GED Mathematics Test! The text is designed to present the top 50 math skills as a review and practice for students. Each skill is targeted in a single lesson and contains instruction and practice. The text contains a pre-test and a post-test to assess student s skills deficiencies and areas of strength. Pretest The 50-question pretest contains a question for each of the 50 skills most likely to be seen on the GED Mathematics Test. Each question has been organized around the four major content areas of the GED Test. This test is designed to accurately assess which skills require additional study. Each question number is directly correlated to the lesson skill number in the text. Lesson Structure Each lesson is presented in a two-page format. The top of the two-page spread contains the title of the skill. The left page contains instruction and any information relevant to successfully understand the skill. That skill is then applied to an example problem illustrating a step-by-step solution. The right page of the lesson is the GED Readiness page. That page of the lesson is divided into three practice question types: Concept, Procedure, and Application. The bottom of the page references related skills throughout the text. Posttest The posttest in Top 50 Math Skills for GED Success is formatted just like the GED Test, and is designed to assess student s readiness for the GED. An evaluation chart correlates each question to a specific skill as well as to specific review pages within the...
