CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 62 pages. Dimensions: 8.0in. x 5.2in. x 0.2in. The first question Phoebe asks and answers in her book is this: Do you believe in magic and miracles I do! She defines a miracle as a shift in perception, which is the definition in A Course in Miracles. What you will experience in this book is a revolutionary way to approach life's challenges and to overcome them once and for all. Phoebe presents a method that is simple and easy to follow. More importantly, it is quick, changes are permanent, and your life will become a miracle. Phoebe has had years of experience using this original method in her own life and in those of others in workshops and private sessions. The only thing that is essential in order for the process to be effective in your life is that you use it! And the simple way of remembering the process, which Phoebe invented, is to recall the letters of the abbreviation of A Course in Miracles (ACIM). This is important because the process consists of four steps and each letter stands for one step, and you will find out all about it when you read the book and practice the Miracle Process. This item ships from La Vergne, TN. Paperback.
