Morgan James Publishing, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Ah Jeeze, not another book about Autism. But this one is different! It s not all rainbows, unicorns and blessings. The Dark Side of Autism puts raising a child with special needs into perspective with no sugar coating of the reality. With firsthand experience raising a nonverbal child with autism and epilepsy, Angela talks openly and honestly about the true challenges parents face raising a child on the spectrum. With contentious opinions and candid observations, The Dark Side of Autism tells the truth about a dark and difficult subject people don t like to talk about while fostering awareness for this sometimes debilitating and mostly unknown neurological disorder. Angela is spot on with her darkly funny observations in the world of special needs---from the taunting beeping of a short bus to mastering IEPs with a reoccurring don t ask, don t tell theme. If you know someone, and chances are you do, caring for a child with special needs, you will gain new insight on what it must be like for them. This book can be easily used as a guide to the stupid things NOT to say to a parent with a mentally or physically...
