

The Brain: A student's self-test colouring book

By Wade Kothmann Joshua Gowin

New Burlington Books, 2016. Soft cover. Condition: New. The Brain: A Student's Self-test Colouring Book contains more than 350 line drawings of the human brain and nervous system, examining its structures and how they function. Succinct text clearly explains the anatomy and physiology of each area that is illustrated, creating a concise, interactive reference to the fascinating field of human neuroscience. Labels are left blank, allowing you to test your knowledge of the names of the parts, processes and systems that are illustrated, with answers given at the bottom of each page.

Reviews

Very useful for all group of people. It is amongst the most incredible pdf i actually have read through. Its been written in an extremely straightforward way and it is just right after i finished reading through this pdf by which basically modified me, change the way i think.

-- Felicia Nikolaus

These sorts of ebook is the ideal book offered. It can be writter in simple terms rather than confusing. I discovered this pdf from my dad and i advised this publication to understand.
