## LEE FRIEDLANDER: FOURTEEN AMERICAN MONUMENTS

The Eakins Press Foundation, New York, 1977. Soft cover. Condition: New. 1st Edition. First edition, first and only printing. Soft cover. Photographically illustrated wrappers (booklet). Photographs by Lee Friedlander. 13 pp., with 14 black and white reproductions. 6 x 9 inches. Lee Friedlander's work is widely known for transforming our visual understanding of contemporary American culture. Known for passionately embracing all subject matter, Friedlander photographed nearly every facet of American life from the 1950s to the present. From factories in Pennsylvania, to the jazz scene in New Orleans, to the deserts of the Southwest, Friedlander's complex formal visual strategies continue to influence the way we understand, analyze, and experience modern American experience. Friedlander's work continues to influence photographic practice internationally, in part due to the heightened sense of self-awareness that is a trademark of so many of his photographs and in part because of his ability to embrace wide-ranging subject matter, always interpreting it in an elegance that hadn't existed prior to his work. New (barcode sticker on rear cover). This publication contains a selection of images from "The American Monument" (New York: Eakins Press, 1976).
