Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Progressive Music Series, Vol. 2: For Basal Use in Primary, Intermediate, and Grammar Grades Book Two is divided into three parts: Part One presents the technical work for the Fourth Year; Part Two the technical work for the Fifth Year; Part Three comprises art songs for general use in both years. In Parts One and Two the fundamental tonal and rhythmic concepts, acquired in the first three years, are presented as definite musical problems for formal drill. These problems are developed in a logical sequence through the topical organization of the song material in the successive chapters, which are so arranged that the pupil may proceed page by page. In developing these musical problems four steps are involved. (1) A review Of a familiar song which contains the problem. (2) A clear statement Of the problem to the pupils. (3) Thorough drill on the problem, isolated from the context. (4) Application of the known problem in reading songs in which it occurs. The art songs Of Part Three are strong in emotional appeal to the pupil. They are not limited to his technical equipment, but em body many of the technical problems which will be studied in Book Three.
