## Speculate, Experiment, Evolve: Why Open-Source Government Will Be the Only Survivor of the Digital Revolution (Paperback)

By George K Smith

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Why do governments exist? When do free markets work? Why are political ideologies always wrong? How are digital technologies changing the concept of good government? The digital revolution sweeping through our lives is forcing us to think of government and politics in a completely new way. Just as the Industrial Revolution changed how we organise our communities, this brave book describes how the practice of government will change in the twenty-first century to an open source model. Smith demonstrates why governments need to stop basing decisions on ideological theory and start following the successful approaches of science and commerce, by using empirical evidence to make decisions that work in practice and also evolve. Governments staying trapped in an ideological and industrial mindset will find it impossible to survive. Top-down imposed ideologies must give way to bottom-up lean policy development, and closed government departments will become open sourced government services. Whilst this book is written for a general audience wanting to understand how digital is changing our world and how it should change our government, Smith also has much to say to those...

### Reviews

*I actually started looking over this publication. It really is rally interesting throgh studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- Dana Hintz

*Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You wont really feel monotony at at any moment of your time (that's what catalogues are for concerning when you ask me).*

-- Elisa Reinger
