C. : Congress of the United States, Congressional Budget Office, 2006 OCLC Number: (OCoLC)70825951 Subject: Medical personnel -- Malpractice -- United States. Excerpt: . . . her colleagues define defensive medicine similarly to Kessler and McClellan, as the extent to which fear of malpractice liability leads physicians to provide more care than 11 is socially optimal. Note that the definitions used by Kessler and McClellan and by Dubay and her co-authors limit the concept of defensive medicine to extra tests and procedures they deem socially wasteful (in the sense that the costs of providing those treatments exceed the expected clinical benefits). The current analysis does not attempt to assess the clinical or social value of any additional services provided or any services forgone because of a fear of malpractice, nor is it limited to an examination of positive defensive medicine. Possible Links Between Malpractice Tort Limits and Health Care Spending The links between limits on malpractice tort claims, the malpractice environment, and levels of health care spending are complex. The malpractice environment, from the point of view of medical providers,...
