

Drumstick Control: A Realistic Approach to Snare Drum Technique Applied to Drumset (Mixed media product)

By Jeff Moore

Alfred Publishing Co., Inc., United States, 2009. Mixed media product. Book Condition: New. 297 x 224 mm. Language: English . Brand New Book. Drumstick Control is a snare drum technique method for the drumset player. The book introduces and explains the accented stroke types and combinations both popular and necessary for today's contemporary drummer. All the PAS International Drum Rudiments that contain accents are covered with logical drumset applications (time keeping, fills and solo ideas). This book is a comprehensive technical method organized in a realistic, step-by-step process that focuses on developing stick proficiency through an independent, hands-separate approach. The exercises included represent a thorough rudimental manual with practical drumset application, while providing the framework for hand development, endurance and speed training, as well as ideas for chop maintenance for life.
